

Support the Mira Mesa Performing Arts & Cultural Center

We support transforming the Epicentre and its surrounding area into a vibrant Cultural Performing Arts Center that integrates functionality, aesthetics, and sustainability.

It will provide a dynamic space for all ages, kids, teens, and adults, not only for musicians, performers, and artists but for everybody including activities and events for the whole community.

A place for socialization, connection, and purpose. The new center aims to foster creativity, inspire collaboration, and nurture cultural understanding.
